

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## PUBLISHERS NOTICE.

---

A RECORD OF NEW BOOKS, arranged alphabetically by the author and title, the customary method of ordering, and by the title and the author, and also by the subject, so that all the recent books on any topic may be seen at a glance, supplies a want every Bookseller will at once appreciate. The publishers name, indicated by the two letters, the Key will explain at sight.

The blankpages opposite each printed page and at the end of each initial it is designed to add any new books published after each quarterly edition is issued.

Any errors or omissions noted by any purchaser is requested, and any information respecting any book not found in its columns, will be cheerfully given. It is the intention of the compiler to so fully meet the wants of the salesman as well as the buyer, that the work will be indispensable to all dealers in books.

The form is adapted to the pocket as well as the desk.

The Key will answer for all future editions, new publishing houses being named in an addenda.

The price, \$3 with the Key, or \$2 without the Key, is net to every house buying one copy, additional copies 25 per cent. discount.

Respectfully,

HOWARD CHALLEN.

*Philadelphia, June 20, 1879.*

I sent you some  
time since my  
displeasure & desire  
of better education for  
my daughter since  
myself in a writing  
any more book on  
any subject or by  
any another or by  
title & will be  
pleased to have  
an acknowledgment  
& also your opinion  
and I will forward  
the Oct Sabbath  
School paper. Truly  
Yours & Charles

This book should be returned to  
the Library on or before the last date  
stamped below.

A fine is incurred by retaining it  
beyond the specified time.

Please return promptly.
